

Moncton, November 19th, 2020 – The art of choreography will be highlighted this fall during the event *Création Danse* produced by Les Productions DansEncorps Inc.! *Création Danse* is an annual choreographic mentorship program that encourages artists of all levels to create and present choreography in a non-competitive atmosphere. The exchange between the dance artist and the community is a valued component of this program.

With the supervision of the DansEncorps Productions team, the participants are able to produce their work in a professional setting with good conditions. This is an opportunity for emerging choreographers and performers to improve their skills in this trade. The program encourages the presentation of diversity and various dance styles, from classical ballet to urban dance, including contemporary, folk dance and musical comedy.

Since September, the studios of the DansEncorps School have been incubators of ideas and have safely welcomed the groups (bubbles) and participants of *Création Danse 2020*. No less than eight new choreographies are being created and the artists are working diligently to finish and refine their work! The second audition is fast approaching, on November 22, 2020.

We can't wait to unveil the original works resulting from this 2020 edition, on stage, the weekend of December 12th and 13th. Stay tuned for more information on our activities and presentations!
